25X1	5。	Comment. in the preceding report, also mentioned the
25X1		train which went from Jueterbog to Peitz.
25X1		of the 9th Mecz Div, which went to Jueterbog on trains
25X1		on 8 August, returned to their quartering area on 22 and 23 August. AAA units of the 10th Gds Tank Div possibly returned to Wolmirstedt. A
25X1		shipment to Jueterbog, however, could not be determined. The trains to Bernau probably carried returning AAA units of the 6th Cds Mecz Div which,
25X1		on 21 July, had arrived at Jueterbog on trains

25X1	6.	Comment. Presumably shipments of tank units of the 7th Gds Mecz Div
25X1		Prior to 23 August, exercises of units of this division may have been held
25X1		in the Beeskow-Grunow area. They may have started after 14 August, as, on this day, three tank shipments to Lieberose had been dispatched from
25X1		Frankfurt/Oder . This would confirm the information
		according to which night exercises, in which allegedly no tanks had
		participated, were held in the Frankfurt/Oder area from about 15 to 24
		August
